NO 39

PORT DALNY BOMBARDED

By the Japanese Squadron. Russian Troops have Again Been Defeated by the Japanese and the Koreans.

ENGLAND AND FRANCE WORKING FOR PEACE.

The Russian Vladivostok Squadron is Still at Large. Various Guesses at its whereabouts. Some Reports State That It Has Already Been Defeated. Japanese Destroying the Seoul-Wiju Railway. Russia Denies that She Wants Mediation.

Port Dalny Bombarded.

Tokio, March 9.—The Japanese warships bombarded the forts at Port Dalny on the night of March 8 and then attacked Port Arthur. Vladivostok Squadron Still at Large.

New York, March 9.—A cable to the Sun from Berlin, Germany says that the National Zeitung prints a St. Petersburg despatch which says it is believed that the Vladivostok squadron has gone to search the Pacific for the three Chilean warships which Japan is reported to have bought. Naval officials in St. Petersburg are confident of the capture of these ships. The naval attaches think however that if the Vladivostok squadron ventures too far from the coast it will be overwhelmed by the Japanese.

Koreans Mix it up With the Enemy.

Seoul, March 9.—A party of Russians seized the Korean telegraph station to-day at Yung Tien. It is reported that a fight has occurred between Koreans and Russians on the Korean side of the Sumen river.

The Chase for the Fleet.

Tokio, March 9.—(Delayed in transmission.) It is believed here that there has already been a decisive naval engagement in the vicinity of Vladivostok and tidings of it are anxiously awaited. The Japanese fleet did not, it is said, fight at Vladivostok for the purpose of bombarding the town, but to locate and attack the cruisers of the Russian fleet stationed there. It is understood here that, when the Japanese Fleet arrived there, they found the Russian squadron absent. If this is true it gave the Japanese squadron advantage in the way of avoiding the inshore batteries, at the same time putting it in a position to prevent Russian squadron reentering the harbor.

Enemy Cut off From Their Base.

It is doubtful that the Japanese will draw their entire Squadron unless the location of the enemy had been discovered, as it is to the advantage in being in a position between the enemy and the enemy's base. There is a strong possibility that the Japanese found the Russian ships in the vicinity of Posselt Bay, and gave them battle there.

Russia and Mediation.

New York, March 9.—The News, St. Petersburg, cables, concerning the report that, Russia wishes mediation with Japan A

high official said to-day; the object was preposterous and would continue so until a brilliant success had been obtained by Russia to retrieve her reverses. Efforts now, he said, will be concentrated on the army for a sweeping victory on land. This is considered imperative; in order to save the face of the nation, before the world.

Japanese Victory.

Tien Tsin, March 10.—The Japanese forces have advanced from the Yalu river. They have captured Tung Wang Cheng and have driven out the Russians.

Land Battle.

New Chwang, March 10.—The Russians are strongly entrenched at Liao Yang, where a battle is imminent. Some small engagements have been fought. The Russians fell back with loss. All women and children are leaving New Chwang.

Same Successful Tactics.

The Japanese are using the same tactics and are advancing on the same route as they employed during their war with the Chinese.

Russians Repulsed.

Yin Kow, March 10.—It is reported that the Japanese have repulsed the Russians at Ping Kilang Cheng.

The British and American consuls advised the immediate departure of women and children from New Chwang, saying the gunboats of their respective countries will leave at the first opportunity and will not be replaced.

Destroying the Railway.

Japanese naval engineers have arrived at Chemulp and will immediately commence work on the east side. Japanese military engineers with eight thousand pioneer corps commenced active construction on the Seoul Wiju railway yesterday.

Working for Peace.

London, March 10.—England and France are waiting for a favorable moment to turn their good offices towards arbitration of the far eastern war. Germany however is not willing that Russia should gain a dominating position.

London, March 10.—A Japanese expert compares the Japanese descent into Taio to Napoleon's descent on Italy from the Alps.

SPORTS

EDMONTON WINS AGAIN

Defeats the Champions of Central Alberta by a Big Score in a very Fast Game.

This Lacombe hockey team went down to defeat for the second time last night before the Edmonton senior team, who have won from everything in sight this winter. The game was exceedingly fast and exciting and was witnessed by about six hundred hockey enthusiasts. A large number from Strathcona were present, who joined with many of the Edmonton people in cheering for Lacombe. The Lacombe team have made a brilliant record for themselves this winter and by defeating Strathcona by a score of 5 to 3 on their last visit north, their supporters believed that they could win out. Last night's match served to show the relative merits of the two teams. The Lacombe team although composed of some of the best hockey players in the province, was not in the best of form. Edmonton plays a brilliant combination, which has been in lucking in. The game commenced very fast and with the exception of the delay there was not a dull minute in it. From the face of it Williams scored the puck and the Lacombe forwards

dered down the line and passing the Edmonton defence, the puck found the nets from Bert Johnston's stick. Score one for Lacombe. Time half a minute. Edmonton scored in about the same time, but an instant before the puck touched the nets the referee rang his bell, as Ward, Lacombe's Red Deer man, had been laid out from a hard check. The game was not allowed and the play stopped. After a few minutes' rest Ward returned to the ice but soon gave it up and Smith another Red Deer man, was put on in his place. The game from this out continued very fast, and was a perpetual bombardment of the Lacombe goal. Watson played a brilliant game, stopping shot after shot as they were rained in upon him. The Edmonton forwards played a brilliant combination and it was almost impossible for Lacombe's defence, Chalk and Flummerfelt, to do anything with it. A combination play by Greenwood and Sibbald tallied Edmonton's first goal. Score, one all. Sibbald scored again in three minutes, then Greenwood tallied two goals in quick succession, after which Ayler added another. Both teams were playing for everything that was in them, and Lacombe noticeably lacked in combination. With many teams this individual playing might have counted for much, but Edmonton checks the man too closely to allow it to be used against them. Smith, of Red Deer, is a great stick

handler, but should pass the puck more. A splendid rush by Lacombe was saved by Flummerfelt skating out and checking the man. In so doing he got a very dirty fall, going head first into the boards, stunning himself for an instant. He also strained his elbow badly. He was carried off the ice, but after a few minutes' delay resumed his position. Shortly after play commenced Wright was put on the fence for tripping and while there Smith scored for Lacombe. This left the score 5 to 2 in favor of Edmonton. After half time the game started out very fast, and Sibbald quickly notched two more goals. Ed was always in his place to do the needful. Ayler and Greenwood on the wings played splendidly. Bainsforth and Chalk for Lacombe, played star games. Jimmie Williams is the same old whirlwind, but he was very considerably checked. Bert Johnston played a splendid game and was always in his place. Arnold Johnston and Bainsforth played a great game and broke up every Lacombe rush. Sibbald and Wright know pretty nearly everything there is to be known of hockey. On two or three occasions Wright forgot he was playing with Lacombe and mixed things up considerably. Otherwise the game was absolutely free from all rough play. Sibbald again scored from an off-side right in Lacombe's goal. In a

splendid rush Lacombe succeeded in passing the Edmonton defence and Bert Johnston scored Lacombe's last goal. Sibbald twice more got the puck from the wings and slammed it into the net. Wright added another score before full time was called, leaving the final score 11 to 3 in Edmonton's favor. The line up of the teams was: Edmonton. Lacombe. Goal. Goal. Hamerton. Watson. Bainsforth. Flummerfelt. A. Johnston. Chalk. Sibbald. Williams. Wright. B. Johnston. Greenwood. Smith. Ayler. Bainsforth. Referee Hugh Campbell gave excellent satisfaction. Goal: umpires, Rev. George, of Lacombe, and Alf McLeod, Edmonton. The second game will be played this evening, and the third, if necessary, tomorrow evening. The Lacombe boys complain of the clouds of tobacco smoke in the rink as the game progressed. Gentlemen having any interest in sport should buy some of their cigars after the match and give the players a chance to breathe good, pure air.

LOCAL

—The Public meeting in Sandison's Hall last night called to further discuss the Edmonton Street Railway agreement was largely attended. Mayor Short acted as chairman. Speeches were delivered by Messrs Dawson, Crox, Beck, McDougall, Line, Brown and others. The usual arguments were given, and the meeting closed much as it started. The liveliest interest was taken in the speeches. The meeting resulted in no definite action being taken left for or against.

—Why Faith Left Home will be presented in Robertson hall, Friday and Saturday evenings of this week. It is a very amusing piece, full of witty lines and ingenious situations. The characters are well drawn and altogether original. There are many complications. Smith by mistake leaves one of the maid and is caught in the act. Mrs. Smith introduces her brother to her husband as an Italian singing master, and later embraces him just as her husband enters the room. All these mistakes are finally cleared up in the master-grades given by the servants in the evening when they had supposed the family to be at the theatre, but Smith learns that the masquerade is to take place and returns home with the intention of stopping it. His wife learns of the affair and attends the masquerade in costume because her aunt has made her think that Smith is to be there to enjoy a little quiet fun. The author handles the various situations in an extremely humorous manner.

—The Homestead Co. Limited, was forced to close down for the present, owing to the supply of water giving out. They expect, however, to resume work in a few weeks in a new commodious building which will be thoroughly equipped with new and up-to-date machinery.

—A smoking concert will be tendered the Lacombe hockey club in Robertson hall this evening by the Edmonton club.

—The club tonight complains bitterly of the way the other teams are "rubbing it in" since their hockey team's recent defeat at the hands of the Lacombe team. It concludes a long column of complaint by the following paragraph, which is peculiar for its high and lofty contempt: "Odds had nothing but dirt from every little basket on the line this winter. We put it down to jealousy and ignorance. Every town cannot be expected to have the same high grade of intelligence and thrift among their citizens as Ollie. We are not in the same class as a great many of the other towns and when we condescend to mingle with them they should throw off their natural habits and try and use us as gentlemen. If they make the attempt and fail, we are generous enough to give credit for the attempt."

ADMIRAL SETTLEMENT
 Admiral Seymour is daily expecting the arrival of a new circular saw which he expects will revolutionize the whole system of wood cutting, and supplant the arm-strong method at present in vogue in this locality.

Mrs. Robert Easton, of Pleasant View school, near Fort Saskatchewan, was home last week for a couple of days on a visit.

Mr. Frank Hill, of Edmonton, intends to commence building operations on his farm next week.

A few deaths are reported among some of the stock in this vicinity, partly owing to the prolonged spell of cold and partly owing to having nothing to eat but straw and the too side of a fence for shelter.

Mr. Ernest Tomlinson is rustling out timber, to put into a new house which he expects to erect during the coming summer.

Mr. James Day has tested some of his oats, which turned out 92 per cent. strong vigorous plants.

A meeting has been called for the 19th at the house of Mr. P. Andrews to organize Trafalgar school district.

The Grand Trunk Pacific engineering party camped in the district last

night, returning from the east side of Cooking Lake. This morning they proceeded down to the river to take soundings for the location of a bridge across the Saskatchewan. After they got through here they intend shifting camp 300 miles north of Edmonton.

Some parties who started for Beaver Lake encountered such large snowdrifts that they were obliged to turn back.

If we should derive no other benefit from the railroad surveys, if the roads should never come, the farmers are being helped to brush their farms.

Rev. Prin. Riddell, of Alberta college, Edmonton, will occupy the pulpit in the Methodist church here next Sunday, morning and evening, and in the afternoon will conduct the dedication services of the Methodist church at Beaver Hills.

Jack Reid, of the 1897 Fort Yukon party, is renewing acquaintances in town this week.

The largest church parade of the Northwest Mounted Police that has been seen for many months took place last Sunday morning under the command of Sergeant Major Emery. The troops which attended St. George's church were in charge of Corporal Holt.

W. N. McIntyre, of Victoria, is in town this week.

Mr. D. McAllister, merchant at Beaver Lake, was in town on business on Tuesday.

Andrew Watson paid Edmonton a flying visit on Monday.

We regret to report the sad death of Floyd, the ten year old son of Mr. George Kimball, which occurred on Tuesday evening after only four days' sickness with scarlet fever.

The whole community deeply sympathizes with the bereaved family.

A large number from the Fort attended the concert at Agricola last Friday night.

R. C. d'Easum is now occupying his new office in Sherr & Company's brick block on Government street.

After conducting two weeks of very successful services in the Presbyterian church here, Rev. Mr. Rogers left on Saturday for the Belmont circuit.

The real estate agents here are still wearing dark suits, public hospital notes.

In future all regular monthly meetings of the Women's Hospital Aid Society will be held in All Saints' schoolroom at 3 p. m. instead of 4 p. m., the first Monday of each month. The society wishes to thank the Rev. H. A. Gray for his kind offer of the schoolroom.

The hospital is in immediate need of garments. Anyone who will be kind enough to make a night shirt for the hospital can obtain one from Mrs. Braithwaite.

A committee has been appointed to advise the town for members of the Women's Hospital Aid Society. The annual membership fee is one dollar, which is devoted towards paying off the debt on the hospital.

The treasurer has received \$25 from the Clover Bar settlement. It is the proceeds of a social given under the direction of Mrs. Fowler for the benefit of the Edmonton public hospital.

Donations for the month of February are: two dozen tins of assorted vegetables by Mrs. H. C. Taylor; one half dozen cups and saucers and 3 sugar and cream sets, Miss Olive Rose; three pair chickens, Mrs. J. A. McKenney; magazines for children, Harold Kiddell; cake by the ladies of the Methodist church; magazines and fruit, Mrs. Crafts; Twenty-five dollars, Clover Bar.

The annual report will appear shortly.

MAY SHOWS AND SALES.

At a meeting of the directors of the Territorial Horse Breeders' association held recently it was decided to inaugurate a show of 1903 colts in connection with the spring association stallion show at Calgary on the 10th of May next.

There can be no doubt that this will be a most popular move. Foal shows in Great Britain are amongst the best patronized live stock events of the year and there can be no reason why the result should not be the result here. There are special advantages in holding a foal show in connection with a stallion show where it is expected that sales will be made of stud horses.

Very frequently the stallion owner will be able to show intending purchasers the progeny of his horse right on the show grounds. There will be classes for purebred colts of both sexes in all breeds represented in the West, and also a class each for grade colts, males and females, sired by a purebred heavy draught and light draught stallion. The latter classes are sure to be well filled and very popular with the smaller ranchers, who do not own stallions, and have, therefore, been deterred from exhibiting at the spring show in previous years.

Entries for the Territorial purebred cattle sale at Calgary, to be held at the same time as the May stallion show, are coming in more plentifully than in any previous year. At the first annual sale in 1901, some 64 head were handled, in 1902 the number increased to 220 head, in 1903 an increase again took place up to 268 head. Everything now points to the sale of at least 300 head this year.

In spite of the low prices of beef which have prevailed it is anticipated that prices satisfactory to both buyer and seller will rule at the forthcoming sale.
